My little boy has suffered for six years with scrofula. Many who saw him a year or so ago thought he never could recover. He commenced taking Swift's Specific, and has taken about twelve bottles, which has effected a perfect cure. I have waited some time to see whether the disease would come back, but am now satisfied that the cure is permanent, for all the sores are gone, and he is fat and strong, and as playful as any child of his age. With a grateful heart I write these lines.

## A Great Victory

A Terrible Case of Scrofula Cured by

Hood's Sarsaparilla

"In the winter of 1879 I was attacked with Scrofula in one of the most aggravating forms. At one time I had no less than thirteen large abscesses over and around my neck and throat, continually exuding an offensive mass of bloody matter disgusting to behold, and impossible to fully describe my sufferings, as the case was complicated with Chronic Catarrh. After three years of misery, having been treated by three physicians, I was worse than when I first began. Finally, on the recommendation of W. J. Huntley, druggist, of Lockport, I was induced to try Hood's Sarsaparilla. And now, after having taken twelve bottles, within the last twelve months, the scrofulous eruptions have entirely ceased, and the abscesses have all disappeared, except the small ones which are daily becoming smaller by degrees, and beautifully healed. I do not know what it may have done for others, but I do know that in my case, Hood's Sarsaparilla has proved an effective specific indeed. As an evidence of my gratitude I send these facts unselected, and I am ready to verify the same by the evidence of this cure, by personal correspondence with any one who doubts it." CHARLES A. KOLB, East Windsor, N. Y.

This statement is confirmed by W. J. Huntley, druggist, of Lockport, N. Y., who calls it one of the greatest cures for Hood's Sarsaparilla. Send for book giving statements of many cures.

## COLORADO WANTS A PARLEY.

The Redskins Well Fought and Not Enough Soldiers to Defeat Them.

CHICAGO, Aug. 26.—The Herald's special from Denver says: A courier reached Glenwood early Thursday morning with information to Governor Adams that Colorado wanted a parley with the Indians, and the latter refused to do so. He says the soldiers must go back or have a fight. The Indians were intercepted by Maj. Leslie with eighty men of the Colorado cavalry, and the Utes, numbered 240. They are in Fort Hodge, northeast of Moser about fifty miles. The situation is a fine one for the Indians, as they can resist an attack from men more than have been sent against them. Mr. Adams, the man from Fort Duchesne who talks many of the Indians, has been sent out to explain to the Indians the demands of the whites that those who have violated the laws must be punished. Mr. Adams, the man from Fort Duchesne who talks many of the Indians, has been sent out to explain to the Indians the demands of the whites that those who have violated the laws must be punished.

Mr. Adams could do anything. New York, Aug. 26.—The Herald says that certain books of the Cincinnati, Hamilton & Dayton railway are missing. They are books used during the fare administration. One of the firm of Winslow, Lauer & Co. has been found guilty of the crime.

"Could Mr. Adams have fairly been and disposed of \$100,000 of preferred stock without the books you name?" "I can say that, for we have not examined them."

A Battered Chicago Coward. CHICAGO, Aug. 26.—Dayton Urid, a drunken brute who is always jealous of his wife when he is drunk, which is frequently the case, was in that condition Thursday, and ascertaining that his wife had been out, proceeded to inflict numerous blows upon all parts of her body, one in the neck being particularly fatal. He was arrested by the police, and his wife, who was crawling under the bed, from which the officers dragged him, only his wife's wounds are any serious.

The Fire in Calumet and Hecla. CHICAGO, Aug. 26.—The offices of the Calumet and Hecla mine, fed by the great fire in the mine has been extinguished, and they expect to open the shaft Monday. J. P. Macdonald, the mining engineer, who has examined the cause, coming out of the shaft, corroborates the favorable opinion held by the management.
